

Ten Year Report Explanation Sheet

1. The dog and cat numbers are totals for city, county and uaca.
2. Calendar years are used throughout the report whenever possible.
3. We cannot locate the end of the month reports for 2003. Believe they were already shredded. Located the 2001 and 2002 numbers on a disk that Pattie made.
4. We transferred all of our animals to the Humane Society until the end of 2002. That is when CARE partnered with us. We did not develop a transfer sheet to keep track of those numbers until 2004.
5. In 2003 CARE took 448 animals but it is not broken down between dogs and cats. The Humane Society took the rest.
6. The bite numbers are city numbers.
7. The vicious dog ordinance was in effect before 2004. But we did not start keeping our own vicious dog reports until the end of 2003. Before that the victim wrote a statement and that along with the ticket was turned over to the prosecutor's office.
8. Calls, summons and miles driven are city, county and uaca.
9. Calls dropped off in 2011 for two reasons. We no longer picked up owner's animals and that eliminated quite a few calls for service. It was also our first full year on Shelter Pro. I believe some calls were never logged into the system because the ACOs did not have full-time access to their own computer. The computer issue is pretty much resolved with the laptops in the trucks.
10. I have no feed cost records before 2004. In 2004 I started to buy the feed and kept the receipts. Feed costs have declined the last couple of years because we are getting feed donated to us. Occasionally no free feed is available and I have to buy some.
11. We started the vaccine program about half-way through 2010. At the end of 2011 we received a credit from the vaccine manufacturer for taxes we had paid that year. The credit is about \$950. Some of the vaccines purchased in 2011 are being used in 2012.
12. In 2003 we started to euthanize by injection. The shelter contract position was made to handle the euthanizing and help CARE. It evolved into a Contract ACO position and is now the Contract Shelter Manager position.
13. In 2007 we were given a seventh ACO position for the city. We also took on the uaca that year and the county paid for the eighth ACO position. The eighth ACO position will terminate when DuBrul retires in May.
14. The part-time contract custodian was added to help with the shelter cleaning partly due to the changes made in cleaning procedures and the fact the contract shelter position had expanded duties and could no longer assist with the shelter cleaning.
